- DELE (ES)

PROFESSIONAL EXPERIENCE

Researcher in Comparative Politics

09.2022-08.2025

[DEMFORM](#) project - Aarhus University, Denmark

- Co-designed and analyzed comparative quantitative studies on **democratic erosion** among elites and citizens in **14 countries** (e.g. Brazil, Germany, Hungary, India, Mexico, the United States ...)
- **Developed** and used **GDPR-compliant** AI, NLP, and computational tools for political elites' and citizens' **undemocratic** rhetoric and behavior
- **Independently managed** a ≈ 5000€ research grant, **co-managed the 1 000 000€** DEMFORM project grant, **supervised** two research assistants
- Developed and taught courses in **EU institutions (BA)**, **democracy and polarization (MA)**, advanced **computational methods (WS)**
- **Disseminated and translated complex findings into actionable insights** via teaching materials, visualization, public talks, blogposts, and a [podcast](#)

PhD Researcher

09.2018-08.2022

European University Institute, Italy

- **Completed a Mixed-methods dissertation** (statistics, experimentation, qualitative focus groups) to study the effect of polarization on **citizens' democratic trust** and participation across **21 European democracies**
- **Co-Organized cross-national fieldwork during the 2019 European Parliament elections** in close collaboration with an **international research network** (RESTEP) – analyzed **19 Focus Group** interviews in 4 countries
- **Independently managed** two competitive research grants (≈ 5500€)

EESC President's Office Intern

03.2017-06.2017

European Economic and Social Committee, Belgium

- **Liaised European institutions and civil society groups** supporting committee sessions and interinstitutional meetings
- Produced an analytical and **policy-relevant report** on the sources of the **EESC's democratic legitimacy and accountability**
